Lost all sound? Hear an echo? Click on the **small radio tower** icon (above chat box) OR go to the **Communicate** menu (at the top of the screen) and select **Audio Broadcast** to refresh your connection.

Molly Jackson - 3:13 PM
Q: I'm hearing an echo. Can you help me?

Jennifer Peterson - 3:14 PM
A: Certainly! Your audio is likely connected twice. Look for the audio broadcast boxes, and close any you see. Then go to the Communicate menu at the top left, and select 'Audio Broadcast' and it will rest your audio.

Panels can be opened or closed by clicking on the panel name at the top of the column, or by using the X in the individual panel.

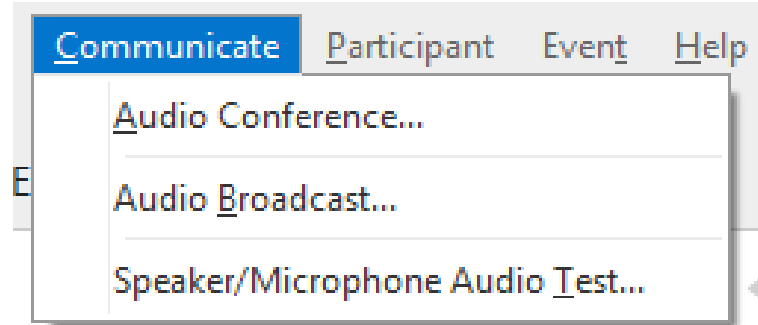

The screenshot displays a meeting control interface with three main panels: Participants, Chat, and Q&A. The Participants panel shows a list of participants including Jennifer Peterson (Host) and Molly Jackson (me). The Chat panel is currently active and shows a red circle around its close button (X). The Q&A panel is also visible, with a red arrow pointing to its 'Send to' dropdown menu, which is set to 'All Participants'. Below the Q&A panel, there is an 'Ask:' section with a dropdown set to 'All Panelists' and a text input field for questions.

Hover over edge of panels to drag and resize.
